Buy \$DEALS: send the payment

- 1

Enter the amount in USD

Minimum \$50. The tier and bonus are calculated from this amount.
- 2

Choose how to pay

USDT or USDC on ERC-20 / BEP-20 / Solana, BTC, BNB, ETH, SOL, XMR or EpicCash.
- 3

Send to the deposit address

Tap **Copy** and send **exactly** the asset you selected, on the selected network.

⚠ Sending a different coin or network than selected can lose funds. Double-check before you send.

Buy \$DEALS: submit proof

- 1

Paste the TX hash

When the transfer confirms, paste the Transaction Hash or the explorer link (Etherscan, Solscan...).
- 2

Check what you receive

Base \$DEALS + tier bonus = total. \$1 = 200 \$DEALS; with EpicCash 1 EPIC = 250 \$DEALS.
- 3

Press “I Paid”

Your purchase goes to review. After it's accepted, \$DEALS land on your balance and you get a Telegram notification.

Tier bonus: Bronze 0% · Silver +10% · Gold +20% · Platinum +30% · Diamond +40%.

4

Submit Proof — Paste your Transaction Hash (TX Hash) or transaction link

Transaction Hash (TX Hash) or transaction link

After your transfer confirms, paste either the **Transaction Hash** (Coinbase calls it “Transaction Hash”, Binance “TX Hash” — usually something like `0x1a2b...`) or the public link to your transaction from your wallet or a chain explorer (Solscan, Etherscan, etc.).
